SIGNATURES and ARTWORK requirements

YOUR SIGNATURE or ARTWORK MUST be provided in black ink on plain, unlined white paper. It must be actual size, nothing touching it. If ordering a signature stamp, please give us 2 or 3 samples of the signature. Do not fold the paper thru the signature or artwork.

The sharpest original will make the best stamp. If what you give us is a little fuzzy, the stamp will be a little fuzzy. The better the original, the better the stamp.

We can reduce or enlarge your artwork for an extra \$5.00.

SENDING ART BY E-MAIL We can work with .TIF files or .BMP files **only**, Windows format. **NO .JPG, .DOC or .PDF files!** The file must be 300-600 dpi, actual size. There must be some blank space around the signature or artwork; 1/8" minimum space is best. The file must be saved as a black-and-white file - we cannot work with files saved as color files.
